# terrane**ts** bw

## Your local partner

We are working for you.  
With 300 employees at 9 locations in Baden-Württemberg and Hessen,  
we guarantee a secure supply of gas.  
And we have been doing this for 60 years.

We are shaping the energy system of the future and this means  
developing solutions today for tomorrow's energy supply.

Katrin Flinspach  
Managing Director

## About us

### 60 years of experience

## Our mission

And vision

### Mission

WE CONNECT.  
ENERGY. SECURE.

### Vision

**Gas, data and people** We couple sectors

**We live energy** convincingly on the market

**A strong team** in a modern working environment

## Gas transmission

### We transport your gas

- > As an independent transmission system operator, we guarantee the non-discriminatory transmission of gas from Lower Saxony to Lake Constance
- > We have been continually developing our transmission system for 60 years and therefore ensure the highest level of supply security
- > Today, a large number of cities and communities in Baden-Württemberg and Hessen as well as parts of Bavaria and Switzerland, Vorarlberg and the Principality of Liechtenstein are connected to terranets bw's 2,700 km long pipeline network

# Our network infrastructure

## From Lower Saxony to Lake Constance

2,700

pipeline network (km)

111

transported volume  
(TWh) 2019

700

max. pipeline  
diameter (mm)

80

max. operating  
pressure (bar)

2

compressor  
stations

4

underground  
storage facilities

As of: 31.12.2020

# Telecommunication
